Annual Project Review Meeting
May 21 - 24, 2007

The twenty-third annual Project Review Meeting of the Consortium on Seismic Inverse Methods for Complex Structures will be held May 21 - 24, 2007 at the home of the Center for Wave Phenomena (CWP) on the Colorado School of Mines campus in Golden, Colorado.

Meeting Schedule

CWP will offer a special short course the afternoon of Monday, May 21 beginning at 1:00 p.m. in the Ben H. Parker Student Center. This course, entitled "Modeling, Migration and Inversion with Gaussian Beams" and conducted by Norm Bleistein, is free to all sponsor representatives and other guests attending the Annual Meeting; however, special registration is required by April 15. More detailed information regarding the short course is enclosed with this letter.

The opening reception will begin shortly after the tutorial from 5:30 p.m. to 7:30 p.m. Breakfast will be offered Tuesday, Wednesday and Thursday mornings for all attendees, from 7:00 a.m. until 8:00 a.m. and we will host two luncheons this year, on Tuesday and Wednesday. Meeting sessions will begin at 8:00 a.m. on Tuesday, May 22 and will end at approximately 1:00 p.m. on Thursday, May 24.

Hotel Reservations

We have blocks of guestrooms at the Table Mountain Inn and the Golden Hotel, both located in downtown Golden within walking distance of the campus. The deadline for hotel reservations at both places is April 21, 2007. Reservations made after the deadlines will be accepted on a space-available basis only and may be subject to different deposit or cancellation procedures. We strongly advise you to make your reservations as soon as possible.
